www.street-light.co.uk

Dan has an unfaltering reputation and over the last 15 years has gained a wealth of professional knowledge and experience working alongside some of the lighting industries best creative talent.

Dan is a dependable, reliable, safe pair of hands working on projects of any genre and scale.

Equally at home programming on the ETC Eos or GrandMA, Dan's adaptability between these industry leading console platforms makes him a versatile lighting programmer.

In 2024, Dan was awarded by the Association of Lighting & Production Design for 'Excellence in Programming' for the year of 2023. *'He was especially commended for his collaboration and mentoring and his brilliant eye for detail.'*

Thriving off working in such a diverse and creative industry, Dan would be pleased to hear from you if you have a project requirement.
